Question Three

Currently there is virtually no field in the world where Information Technology is not applicable be it in education, medicine, sports, music, drama, Engineering, transport, health, telecommunication and many others. Information Technology (IT) is taking over what human beings could spend their time doing over a long period. IT does everything in a better, faster and quality way and so on.

ISO 9001:2015 Certified by the Kenya Bureau of Standards

Pick any **two** fields mentioned above and discuss how Information Technology has transformed the manner in which business processes or activities are carried out. Support your answers with practical examples in Kenya. (20mks)

Question Four

Discuss how use of ICT is revolutionizing the way organizations endeavor to transform societies through livelihoods development in modern Kenya. (20mks)

Question Five

Adequately show how ICT systems are critical in management of health systems (20mks)
